

Weekly Report

Yuxin Ma

2015.11.23 - 2015.11.29

Huawei Project

This week I mainly focus on adaptation of Fangzhou and Zhu Biao's modules.
The latest class diagram are shown in Figure 1

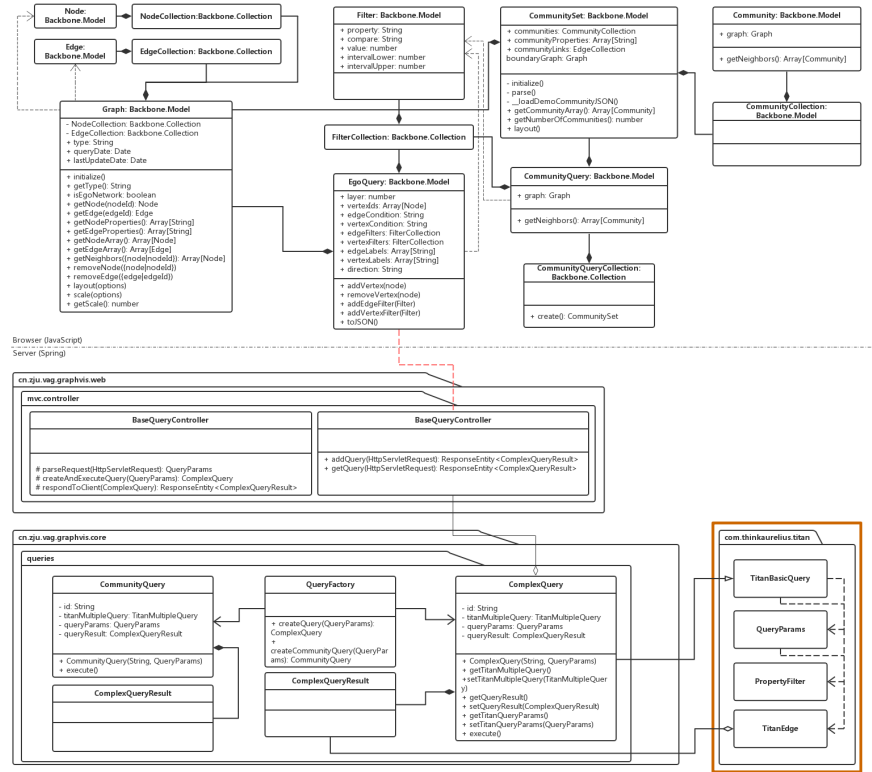

Figure 1: The class diagram of data modules. (Last update: 2015.11.29)

IEEE Big Data Special Issue

This week I processed the dataset on the Spark cluster. Currently the datasets are ready to be processed by Lin Tao. After processing the dataset can be used by Feiran as well.

Plan for Next Week

- Finish the draft version of the special issue paper.
